See the following presentations from NPower Canada for the Azure Material:

- [Cloud Concepts](#)
- [AZ900 - parts 2.1&2.2: Azure architecture and services](#)
- [Workshop 2.3&2.4: Azure architecture and services](#)
- [Workshop 3.1&3.2: Azure management and governance](#)
- [Workshop 3.3&3.4: Azure management and governance](#)

See the following Flashcards to study the material that I created:

- [Azure Fundamentals-Study aid-Flash cards](#)

See the following website for practice questions:

- [Microsoft AZ-900 Certification with Actual Free Questions | ExamTopics](#)

After the exam, I reviewed the first 200 pages from the AZ-900 Exam included above,
(for pdfs to download from my GitHub click here):

- [Pages 1-80](#)
- [Pages 81-160](#)

Similar questions that I had on the exam included the following numbers from the exams linked above:

27, 55, 67, 72, 78, 86, 89, 90, 91, 100, 103, 104, 111, 117, 121, 128, 141, 149, 163, 183, 193, 198, 210.

Topics that I recall being covered included:

- Azure Monitor,
- Azure Policy,
- MFA,
- Azure Resource Manager (ARM),
- Management Groups,
- Capex vs. Opex,
- Horizontal vs. Vertical scaling,
- Public vs. Private vs. Hybrid,
- Azure Arc,
- Functions
